Bengaluru, Karnataka, India

Phone: (819) 789-9548 | Email: saurabhshanbhag24@gmail.com | LinkedIn: [saurabhshanbhag24](#) | Portfolio: [Link](#)

MBA (Marketing & Operations) student with hands-on experience in e-commerce management, digital marketing, and data-driven decision-making. Skilled in Amazon Seller Central, performance marketing, and analytics tools such as Helium 10. Proven ability to optimize product visibility, analyze customer behavior, and support operational efficiency. Background in UI/UX design and web development with experience in user research, A/B testing, and building user-centric solutions. Seeking roles in operations, e-commerce, and growth analytics.

PROFESSIONAL EXPERIENCE

Marketing and Operations Intern | Arvind Industries | Feb 2026 – Present

- Managed Amazon Seller Central operations for 2,000+ SKUs, ensuring accurate listings and efficient catalog management
- Conducted keyword research and listing optimization using Helium 10 to improve product visibility and ranking
- Supported execution of Amazon Ads and Meta Ads campaigns to enhance traffic and conversions
- Analyzed sales performance, conversion rates, and customer trends to assist business decision-making
- Coordinated with internal teams for inventory planning and operational efficiency

Freelancer | Feb 2023 – November 2024

- Delivered UI/UX design and website development solutions, enhancing user experience and website performance
- Managed social media content and created marketing assets (posters, thumbnails, videos)

Junior Associate Quality Controller | Affinity X, Pune | Sep 2022 – Jan 2023

- Identified errors in layouts, components, design, typography, iconography, colors, themes, responsiveness, and user flow in WordPress websites.
- Built web pages, updated changes in prebuilt websites, and uploaded content in CMS.

UI/UX Designer and Dev | Damodar IT Solutions, Kumta | Jan 2021 – Aug 2022

- Conducted interviews, launched in-app and external surveys, and assisted in conducting A/B testing.
- Designed wireframes and prototypes and conducted usability studies with relevant end-users.
- Contributed to the in-house UI library that saved hours of design and development time per month.
