MBA (Marketing & Operations) graduate with experience in quick commerce operations, e-commerce, Amazon Seller Central, and business analytics. Currently working as an Assistant Store Manager at Blinkit, managing inventory, manpower, logistics, consignment operations, and SLA-driven order fulfillment. Skilled in operations management, marketplace optimization, KPI/KRA execution, and data-driven decision-making. Passionate about driving operational excellence across Operations, Supply Chain, E-commerce, and Retail.

PROFESSIONAL EXPERIENCE

Assistant Store Manager | Blinkit | Jul 2026 – Present

- Managed inventory operations to ensure stock accuracy, availability, and minimal shrinkage
- Supervised manpower planning for 20+ Store Captains and 30+ Delivery Partners, ensuring optimal workforce utilization. Prepared and managed weekly rosters to align staffing with operational demand.
- Coordinated consignment processing and managed daily logistics load arrivals for smooth store operations.
- Executed operational tasks while consistently meeting KPIs and KRAs
- Ensured customer orders were fulfilled and delivered within SLA through effective coordination between store and delivery teams.
- Monitored day-to-day store performance and resolved operational bottlenecks to maintain service quality.

Marketing and Operations Intern | Arvind Industries | Feb 2026 – Jul 2026

- Managed Amazon Seller Central operations for 2,000+ SKUs, ensuring accurate listings and efficient catalog management, Created and maintained operational trackers and reports using Excel and Google Sheets.
- Assisted in maintaining catalogue hygiene by regularly auditing listings, images, pricing, & product information.
- Supported execution of Amazon Ads and Meta Ads campaigns to enhance traffic and conversions.
- Analyzed sales performance, conversion rates, and customer trends to assist business decision-making.
- Assisted in beat planning, sales team rostering, and field force coordination using the UNLO application, supporting route optimization, attendance tracking, and sales operations efficiency.

Freelancer | Feb 2023 – Nov 2024

- Delivered UI/UX design and website development solutions, enhancing user experience & website performance.
- Created digital marketing assets and social media creatives to improve engagement and brand visibility.
